

# Company Overview

## Who We Are

QuoteMedia is a leading provider of comprehensive market data, financial content, and technology solutions. We power brokerages, banks, fintech innovators, asset managers, and media companies with fast, flexible tools that turn complex market data into actionable insights.

### OUR MISSION

Our mission is simple: **to deliver the right data, at the right time**, to every corner of the financial industry.

## What We Offer

### Market Data Feeds & APIs

Low-latency, fully normalized real-time and historical data covering equities, options, mutual funds, ETFs, futures, fixed income, and more, with streaming and REST APIs for seamless platform integration.

### Web & Mobile Financial Tools

A complete suite of plug-and-play financial widgets, investor portals, and white labeled applications. Securely hosted, responsive, and customizable for fintech platforms, research portals, IR teams, and media websites.

### Enterprise Reliability

Redundant data centers and cloud-based delivery including managed data service solutions

### Professional Platforms (Quotestream)

Enterprise-grade streaming terminals for advisors, traders, and analysts, including Quotestream Pro and Mobile for multi-device portfolio management, market depth, analytics and execution support.

### News & Syndication Services

Aggregated, real-time news from 100+ global publishers, including Dow Jones, MT Newswires, Business Wire, and more, available through APIs, platforms or integrated financial widgets.

### Managed Services & Hosting

Enterprise-level infrastructure management, secure cloud hosting, and dedicated support to streamline deployment and lower operational overhead.
